### June 25, 2009 Update

#### **The Future of Post Secondary Student Support Funding**

On June 24, 2009 INAC representative Kris Hill advised the GRPSEO Director that post secondary funding (PSSSP) will continue without significant change at least until 2013.

The GRPSEO will continue to monitor the status of funding, advocate for increased funding and will provide updates as we receive more information.

Thank you to all who participated in the post card campaign.

Thank you to all students who submitted your stories in response to the call for submissions.

Your stories are awesome as they provide compelling reasons for continued post secondary funding.

The stories will be posted on the GRPSEO web site and forwarded to INAC Minister Strahl's office.
